

**FY 2014-15
STATUS OF LAWSUITS
INVOLVING THE STATE OF MICHIGAN**

**SENATE FISCAL AGENCY
LANSING, MICHIGAN
JULY 2016**

THE SENATE FISCAL AGENCY

The Senate Fiscal Agency is governed by a board of five members, including the majority and minority leaders of the Senate, the Chairperson of the Appropriations Committee of the Senate, and two other members of the Appropriations Committee of the Senate appointed by the Chairperson of the Appropriations Committee with the concurrence of the Majority Leader of the Senate, one from the minority party.

The purpose of the Agency, as defined by statute, is to be of service to the Senate Appropriations Committee and other members of the Senate. In accordance with this charge, the Agency strives to achieve the following objectives:

1. To provide technical, analytical, and preparatory support for all appropriations bills.
2. To provide written analyses of all Senate bills, House bills, and Administrative Rules considered by the Senate.
3. To review and evaluate proposed and existing State programs and services.
4. To provide economic and revenue analysis and forecasting.
5. To review and evaluate the impact of Federal budget decisions on the State.
6. To review and evaluate State issuance of long-term and short-term debt.
7. To review and evaluate the State's compliance with constitutional and statutory fiscal requirements.
8. To prepare special reports on fiscal issues as they arise and at the request of members of the Senate.

The Agency is located on the 8th floor of the Victor Office Center. The Agency is an equal opportunity employer.

OVERVIEW

The information in this document is based on reports filed by State departments and agencies pursuant to Section 396(3) of the Management and Budget Act (Public Act 431 of 1984). Based on the amounts reported, the State of Michigan paid \$41.8 million for judgments and settlements in fiscal year (FY) 2014-15. Of the 69 cases that resulted in payments, 12 were judgments totaling \$2.3 million, and 57 were settlements totaling \$39.5 million. Payments in FY 2014-15 were \$28.8 million lower than the \$70.6 million reported in FY 2013-14.

Tables on pages 2, 3, and 4 provide a 10-year history (FY 2005-06 through FY 2014-15) of payments made by the State of Michigan. Table 1 provides information on total payments (judgments and settlements), Table 2 lists payments resulting from judgments only, and Table 3 lists settlements. Table 4 and the following narrative provide a summary of departments with FY 2014-15 payments totaling over \$1.0 million. Table 5 and the narrative on page 6 provide a history of highway negligence payments from FY 1983-84 through FY 2014-15. Table 6 on page 8 includes a history of payments from the State's Risk Management Fund for automotive liability. Payments from the Fund historically have not been included in amounts reported by departments. The Cochran/Nichols case listed by the Department of State Police is an exception to this practice, because the \$7.7 million settlement payment includes \$1.0 million paid from the State's Risk Management Fund. Table 7 and information on pages 9, 10, and 11 provide an overview of cases that resulted in payments to the State.

The FY 2014-15 reports submitted by State departments and agencies on payments made by the State follow, beginning on page 12. For each payment, the name of the case is listed along with information regarding the funding source, the county where the cause of action arose, and a brief description of the cause of action (summary of case). This report does not include payments resulting from workers' compensation and unemployment claims.

PAYMENTS BY DEPARTMENTS

In FY 2014-15, four State departments each made payments totaling more than \$1.0 million. Table 4 and the following narrative summarize these payments.

Table 4
FY 2014-15
PAYMENTS BY DEPARTMENT

DEPARTMENT	STATE PAYMENTS	PERCENT OF TOTAL
Corrections	\$26,684,297	63.9%
State Police	7,941,500	19.0
Technology, Management, & Budget	3,511,332	8.4
Treasury	1,555,312	3.7
Other Departments	2,068,611	5.0
TOTAL	\$41,761,052	100.0%

Corrections

The Department of Corrections made payments in 30 cases totaling \$26.7 million, accounting for 63.9% of the payments made by the State in FY 2014-15. Payments ranged from \$42.80 in King v Sanders, for assessed costs in a harassment/retaliation case, to \$25.0 million in Neal, et al. v Department of Corrections, et al., a class action that involved allegations of sexual assault and harassment by male prison guards. The Neal case was filed in 1996. Subsequent to jury verdicts in Neal and a related case, Anderson et al. v Department of Corrections, the State entered into a settlement agreement in 2009 to pay \$100.0 million for class members, costs, and attorney fees, as follows:

October 15, 2009: \$10.0 million

October 15, 2010: \$10.0 million

October 15, 2011: \$15.0 million

October 15, 2012: \$20.0 million

October 15, 2013: \$20.0 million

October 15, 2014: \$25.0 million

There were a total of 806 claimants who qualified for payments under the class action settlement. At the time of the settlement, 677 of the claimants were not in the custody of the State Department of Corrections and 129 were still incarcerated. After the Neal payment, the next-highest payment by the Department was \$925,000 in Montgomery v MDOC, a case alleging employee discrimination based on race and disability. Of the 30 cases with payments, 20 had payments of less than \$10,000.

State Police

The Department of State Police made payments in five cases totaling \$7.9 million. Payments ranged from \$29,500 in Woods v Roth, et al., a case involving alleged assault and battery, to \$7.7 million in Cochran/Nichols v Fagin/MSP. The Cochran/Nichols case involved wrongful death and personal injury that arose out of a two-vehicle collision occurring on July 3, 2014, in the City of Flint. A state trooper attempted to stop a motorist for a traffic violation and when the suspect vehicle sped away, the trooper pursued the vehicle and subsequently ran a red light, broad-siding another vehicle and killing one of its passengers and critically injuring another.

Technology, Management, and Budget

Payments by the Department of Technology, Management, and Budget (DTMB) in four cases totaled \$3.5 million. The largest payment was \$1.8 million for the DeBoer freedom-to-marry case. In addition, the Department of Attorney General reported paying \$108,620 in DeBoer attorney fees (Stanyar). The next-highest payment by the DTMB was \$950,000 in Basset v Snyder, a lawsuit asking a Federal court to strike down a State law that banned many public entities from providing health care insurance to the domestic partners of their employees.

Treasury

Specific information prohibited from disclosure based on MCL 205.28(1)(f).

Highway Negligence Cases

From FY 1983-84 through FY 2014-15, the State paid \$236.7 million resulting from 1,174 highway negligence cases. While total payments and the number of cases resulting from highway negligence litigation have declined dramatically over recent years, FY 2013-14 was the first year in which no payments resulted from defective highway claims. In FY 2014-15, there was one payment of \$5,500 for a case involving a pedestrian who allegedly was crossing M-153 when she fell through a broken catch basin and suffered injuries. Of the total amount paid for highway negligence cases since FY 1983-84, \$225.4 million was paid before FY 2000-01. The reduction in payments over the years is attributed to statutory changes (tort reform) and rulings by the Michigan Supreme Court that limited the State's exposure to liability. Table 5 provides a history of highway negligence payments by fiscal year from FY 1983-84 through FY 2014-15.

Table 5

RISK MANAGEMENT FUND

The Risk Management Fund was administratively established to account for specific centralized risk management functions performed for all State agencies by the Department of Management and Budget (now the Department of Technology, Management, and Budget). Effective July 1, 1992, the State became self-insured for automotive liability claims. Motor transport charges to State departments and agencies include a cost associated with projected automotive liability. This amount is deposited in the State's Risk Management Fund. Automotive liability payments that do not exceed \$1.0 million are paid from the Fund. Table 6 provides a history of payments from the Fund. Amounts are reported based on the fiscal year in which the payment was made, and therefore do not necessarily reflect the year in which the liability occurred.

Table 6

RISK MANAGEMENT FUND AUTOMOTIVE LIABILITY PAYMENTS

PAYMENTS TO THE STATE OF MICHIGAN

The following table provides a summary of FY 2014-15 lawsuit payments to the State as reported by departments pursuant to Section 396(3) of the Management and Budget Act.

Table 7

FY 2014-15 JUDGMENTS AND SETTLEMENTS PAID TO THE STATE (Actual Dollars)	
DEPARTMENT	FY 2014-15
Attorney General	\$203,065,755.51
Corrections	2,874,948.50
Environmental Quality	5,248,517.36
Human Services	564,315.52
Natural Resources	5,894,959.95
Transportation	202,481.04
Treasury	60,775,747.54
TOTAL	\$278,626,725.42

Attorney General

Of the amount reported by the Department of Attorney General, approximately \$190.9 million resulted from annual payments under the Master Settlement Agreement. The 1998 settlement resolved public health-related claims filed by Michigan and other states against the nation's major tobacco companies. The total FY 2014-15 amount received by the State under the Master Settlement Agreement (as reported by the Department of Treasury) was \$251.6 million. The difference between that amount and the amount reported by the Department of Attorney General is accounted for under payments to the Department of Treasury (\$60.7 million) and is due to securitization of a portion of the payments owed to the State. The next-largest payment to the Department of Attorney General was \$3.2 million in Chase Bank, USA NA & Chase Bankcard Services, Inc., a case involving unlawful credit card debt collection practices. The Consumer Protection Division collected \$6.6 million in FY 2014-15, including the Chase payment. Other divisions reporting large collections included: Corporate Oversight, \$2.2 million; and Health Care Fraud, \$2.2 million.

Payments reported by the Department of Attorney General only include lawsuit proceeds deposited into the State Treasury by the Attorney General. They do not include lawsuit proceeds deposited in the State Treasury by other State agencies.

Corrections

All of the payments listed by the Department of Corrections resulted from cases filed under the State Correctional Facility Reimbursement Act. The Department reported 292 cases with net payments to the State totaling \$2.9 million. Payments to the State ranged from \$2.28 to \$141,605. There were 202 cases with payments of less than \$10,000, accounting for \$688,037 (23.9%) of FY 2014-15 total payments to the State received by the

Department. Thirty-six cases with payments of \$20,000 or more accounted for \$1.4 million (48.4%) of the amount recovered by the Department of Corrections. The median payment was \$5,150. Pursuant to Section 309 of the FY 2014-15 General Government appropriation act (Article VIII of Public Act 252 of 2014), the Department of Attorney General received an appropriation of \$614,400 from the prisoner reimbursement funds to support activities related to the State Correctional Facility Reimbursement Act. In addition, this appropriation act specified that, if the Department of Attorney General collected in excess of \$1,131,000 in gross annual prisoner reimbursement receipts provided to the General Fund, the excess, up to a maximum of \$1.0 million, was appropriated to the Department of Attorney General and could be spent on the representation of the Department of Corrections and its officers, employees, and agents, including, but not limited to, the defense of litigation against the State, its departments, officers, employees, or agents in civil actions filed by prisoners.

Environmental Quality

The \$5.2 million received by the Department of Environmental Quality (DEQ) in FY 2014-15 involved reimbursement for environmental contamination and other violations of the Natural Resources and Environmental Protection Act. Recoveries in those cases were deposited into various funds (e.g., the Environmental Response Fund, Environmental Pollution Prevention Fund, and Settlement Fund). Settlement revenue is restricted by legal agreements or court orders for specific environmental cleanup activities at specific sites of environmental contamination or restricted to other environmental programs as appropriated. Of the 193 cases reported by the DEQ, 38 were judgments totaling \$1.5 million, and 155 were settlements or the result of other agreements totaling \$3.7 million. There were 119 cases with payments of less than \$10,000 that totaled \$339,309. Nine cases with payments over \$100,000 accounted for \$3.0 million (56.6%) of payments received by the DEQ in FY 2014-15.

The largest payment reported was \$1.0 million in Enbridge Energy for a violation of Part 201 (Environmental Remediation) of the Act. For several years the State has received payments from Enbridge, including payments to the DEQ, the Department of Attorney General, and the Department of Natural Resources (DNR). A \$5.0 million Enbridge payment to the DNR was included in FY 2014-15 (described below). From October 2011 through February 2016, the State collected \$17.4 million from Enbridge. The next-highest payment to the State was \$677,003 in AK Steel Corporation for a Part 55 (Air Pollution Control) violation.

Natural Resources

In FY 2014-15, the Department of Natural Resources reported six cases with payments to the State totaling \$5.9 million. Of that amount, \$5.0 million was from the settlement agreement in Enbridge Energy for damage to fisheries related to the July 2010 release of heavy crude oil to the Talmadge Creek and the Kalamazoo River. The two next-highest payments received by the DNR both involved Consumers Energy and payments for damage to fisheries. One case involved an administrative consent order payment of \$436,231 for restitution related to the lost value of fish caused by the Karn-Weadock Power Plant. The other payment was \$432,856 for MDNR, et al. v Consumers Energy, a multiyear settlement with Consumers Energy for fisheries damage from hydropower operations. The Fisheries Settlement Fund was established to receive payments by Consumers. Under the settlement, payments will continue through 2035. Settlement funds are earmarked and subsequently used for habitat mitigation work in the area or watershed where the violation occurred. Since 1995, payments by Consumers have totaled \$12.7 million.

Transportation

Payments to the Michigan Department of Transportation (MDOT) included 24 cases totaling \$202,481. Nineteen cases alleging damage to bridges, guardrails, traffic signals, signs, and other State property resulted in payments totaling \$130,639. The other five cases consisted of issues involving contract disputes, encroachment on State right-of-way, illegal cutting of trees, and adverse possession. Fiscal year 2014-15 payments to MDOT ranged from \$200 for damage to MDOT's traffic signal control box on Kalamazoo Avenue in Kalamazoo, to \$45,144 for damage to MDOT's bridge on I-69 at South Lapeer Road.

Treasury

The Department of Treasury reported payments of \$251.7 million related to the Master Settlement Agreement with the tobacco companies. To avoid double-counting due to the amount reported by the Department of Attorney General for that case, the amount listed under Department of Treasury in Table 6 reflects only the \$60.7 million allocated for debt service on the securitized portion of the Master Settlement Agreement revenue. The only other payment to the State reported by the Department of Treasury was \$52,469.79 in proceeds from the closure of an insurance company.

NAME OF CASE	AMOUNT PAID	INTEREST	FUNDING SOURCE	LOCATION	SUMMARY OF CASE
City of Hamtramck v Beal Properties, LLC	\$571,000.00	\$0	Michigan State Housing Development Authority*	Wayne	Beal entered into a Developer Agreement with City of Hamtramck in October 2011 as part of the City's Neighborhood Stabilization Program-II (NSP2) program. After liens were filed by the unpaid subcontractors, payments to Beal were suspended and unspent NSP2 funds for the Beal project were recaptured/de-obligated in October 2012. The City brought suit against Beal in November 2012 seeking, among other things, transfer of title to the properties from Beal to City. Beal counterclaimed for payment of the suspended/withheld payments. On November 21, 2013, the trial court entered a money judgment in favor of Beal for \$571,000, with the disposition of title to the 11 properties to be determined at a later date. City could not pay the judgment and title to these properties was with Beal. Beal filed a motion seeking an order allowing Beal the use and disposition of the 11 properties. MSHDA interceded to ensure development of the properties in a manner consistent with HUD requirements and avoid risk of recapture of NSP2 funds for failure to achieve a national objective.
Community 1 st - Mitchell Street LLC v MSHDA	65,000.00	0	Michigan State Housing Development Authority*	Wayne	Community 1 st Mitchell Street LLC filed a lawsuit alleging breach of contract in connection with MSHDA's refusal to allow interest on a promissory note as a reimbursable expense under the Neighborhood Stabilization Program-II (NSP2).
